A managed restoration services program allows you to:

- ▶ Recover the data you need, when you need it
- ▶ Reduce the cost of software licenses and hardware maintenance
- ▶ Reclaim data center space
- ▶ Reduce data center power/cooling costs
- ▶ Keep your IT staff focused on daily tasks and innovation
- ▶ Consolidate silos of tape catalogue data to find what you need faster
- ▶ Use a repeatable, auditable, affordable and defensible process for data restoration
