

SOLVE & EVOLVE I.T. PROFESSIONALS

- > Consumed by digital transformation and IT consolidation
- > Worried that volume of data is out-pacing the organization's storage capacity
- > Concerned about cyber attacks, privacy and data security
- > Under-resourced and pressured to reduce costs further
- > Struggling to plan for a largely unpredictable future
- > Needs to prove the value of IT to the organization in order to ensure budget increases
